

Continually moving ahead with the creation of "safe and secure plants"

Safety and Disaster Prevention

Aiming to Create Safe and Secure Plants

At production plants, top priority is given to safety and disaster prevention measures. Aiming to create "safe and secure plants" able to earn the trust and confidence of local society, ensure the safety of employees, and provide customers with steady supplies of products, we create action plans at each of our plants and continually implement education and training programs designed to maintain a record of zero accidents and zero disasters. Moreover, to prepare for the possibility of an accident,

we undertake disaster-countermeasure training with the objective of minimizing damage.

Strengthening Safety, Health, and Disaster Prevention Audits

Since 2009, we have conducted safety, health, and disaster prevention audits separately from our environmental and safety audits. Conducted by facilities specialist technicians, these safety, health, and disaster prevention audits are identifying numerous potential risks that were not previously evident as well as arranging for the execution of related countermeasures.

Overview of Safety and Disaster Prevention Training Activities at Domestic and Overseas Plants

Examples of Cooperation with Local Society to Conduct Disaster Prevention Activities

Cooperative training with the Utsunomiya Municipal Fire Department (Utsunomiya Plant)

Fire-extinguishing training by local fire department (SumiDurez Singapore Pte. Ltd.)

Examples of Evacuation/Rescue Training Activities within Plants

Evacuation training (SNC Industrial Laminates Sdn. Bhd.)

First-aid training (Sumitomo Bakelite (Thailand) Co., Ltd.)

Examples of Fire-Fighting Activities within Plants

Fire-fighting training with the plant's fire-fighting truck (Shizuoka Plant)

Fire-fighting training (Nara Plant)

Fire-fighting training (Akita Sumitomo Bakelite Co., Ltd.)

Fire-fighting training (Sumitomo Bakelite Macau Co., Ltd. (China))

Initial fire-fighting training (Sumitomo Bakelite (Thailand) Co., Ltd.)

Initial fire-fighting training (P.T. SBP Indonesia)

Examples of Chemical-Related Disaster Countermeasure Training Activities within Plants

Explosion/fire victim evacuation and aid training (Sumitomo Bakelite Europe (Barcelona), S.L.U.)

Chemical leak response training (Sumitomo Bakelite North America, Inc.)
